

AKHIR 25S

AKHIR 25S

Akhir has been the shining star of the Pisan Shipyard constellation since 1972. Among its most iconic models is the AKHIR 25S, a 25-meter luxury motor yacht launched in 1990.

Designed by the brilliant Florentine architect Pierluigi Spadolini, the AKHIR 25S embodies a timeless style. Thanks to Spadolini's experience in industrial design, he developed a new design language in collaboration with Cantieri di Pisa — one that has become a benchmark in modern yacht design for motorboats.

Spacious and comfortable, the AKHIR 25S reaches a cruising speed of 20 knots and a top speed of 23 knots, guaranteeing excellent performance at sea. Guests can enjoy expansive open decks and bright, airy interiors that create a relaxed and refined atmosphere on board.

On the lower deck, the yacht accommodates up to 8 guests in 4 cabins:

- 1 master suite with double bed
- 1 VIP cabin with double bed
- 2 twin cabins

The first three feature private en-suite bathrooms, while the twin cabin has a private external bathroom. All cabins are equipped with satellite TV, DVD player, air conditioning, Bluetooth Hi-Fi, USB ports, and remote controls.

AKHIR 25S

The **interiors** boast a modern and elegant décor, with a main salon that opens onto the aft platform through a sliding glass door. The living area includes a 70-inch satellite TV, Bluetooth stereo, USB ports, adjustable lighting, ice maker, and air conditioning — ideal for relaxing or entertaining.

The **exterior spaces** are equally impressive:

A large aft deck, partially shaded, with an outdoor dining area

A spacious flybridge with sunbathing areas, cozy seating, and panoramic views.

Ample foredeck space for cocktails, relaxation, or fun under the sun

The **hull and equipment** include an aft swimming platform, side walkways, bow thruster, stabilizers, underwater LED lights, electric toilets with holding tanks, and an anti-jellyfish safety net.

For leisure, the yacht comes with a **3.60 m tender** with 20 HP Yamaha outboard engine, paddleboard, waterslide, snorkeling gear, and a high-speed rolling donut for thrilling fun at sea.

SPECIFICATIONS

Length: 25m

Model: Akhir 25S

Year Built: 1990

Beam: 6.10m

Max. Draught: 1.8m

Hull construction: Wood

Superstructure construction: Mahogany
